

**Wage & Hour Division**  
**P.O. Box 30476, Lansing, Michigan 48909; Telephone: (517) 322-1825**

## **PREVAILING WAGE COMMERCIAL SURVEY**

Authority: Public Act No. 166 of 1965  
This Form must be completed and submitted at least once yearly by December 31, if you wish to include new wage data in the Division's database. If you do not wish to submit new data by December 31, data on file will be used.

┌

┐

The Wage and Hour Division is required by law to establish the state prevailing wage on projects of a similar character in each geographic area, for every trade classification. The information you provide will assist the Division in doing so.

└

┘

Please correct any incorrect information in the name and address shown above.

Please provide prevailing wages and fringe benefits currently in effect under the applicable collective bargaining agreement, and under any applicable understandings associated with the agreement. List rates separately for each geographic area and, if applicable, for each size of project for which there are different rates in effect. For example, if there are different rates in effect for the Upper and Lower Peninsula, complete a separate rate sheet for each area. Similarly, for example, if there are different rates in effect for projects with values over or under a specified dollar amount, complete a separate sheet for each size project.

On each rate sheet you complete, if there is only one pay rate in effect for a job classification, list that rate as the prevailing wage. If there is more than one pay rate in effect, list as the prevailing wage the one that has been the most frequently or commonly paid during the 60 days prior to completing this Survey. In determining the most common or frequent wage, include the pay rates in effect in the area even if a collective bargaining agreement or understanding excludes those rates from prevailing wage projects.

It is critical that you provide a copy of the pertinent collective bargaining agreement and the applicable understanding or understandings, if any, for each listed rate, and that you indicate the page numbers where all information is found as requested on the form. Rates cannot be included in the state prevailing wage schedules if they are not submitted with a current collective bargaining agreement or understanding.

I certify that the information I have provided on this survey form and attachments is true and correct to the best of my knowledge and belief. I further understand that the information provided is subject to verification by the Wage and Hour Division.
